MEDICINE CURES

Coughs, Colds and All Stomach Troubles.

MR. FRANK C. OESTEREICH, a Well-Known A. O. U. W. St. Louis Lodge Man of Lodge 263, Says:

I have been troubled with entarrh in the head and had cold and grip all winter. I tried all kinds of medleines but the entarrh and grip hung on. One of our lodge boys cold me to take De Laey's Cin-Ko-Na and Iron, for it had cured him entirely. I tried it and before I had taken three bottles the aching left me, and I am to-day perfectly cured of catarrh, and am now giving it to my wife and it is simply building her up like a new woman.

FRANK C. OESTEREICH, 2703 Lemp Ave.

This is the time of the year to catch cold. Neglect it and it will soon start you coughing and finally settle on your lungs, and in many cases turn to Pneumonia and then Catarth. Hence the old saying, an ounce of prevention is worth a pound of cure. So if you have a cough or cold don't delay, but go to your nearest drug store fol's bottle of De Lacy's Cin-Ko-Na ard Iron and start taking it at once.

A bad stomach or a system full of malaria makes you teel bad all over. You feel tred and easily exhausted, feel restless and don't sleep good at night, get up in the morning sometimes feeling even more tired than when you went to bed; you have no appetite; you feel cross and irritable; it's hard for you to keep your mind on your work. This is all entirely wrong, and a few doses or a bottle or two of De Lacy's Cin-Ko-Na and Iron will brace you right up, for its great stimulating properties make you feel good after the very first dose and after you take a single bottle you become a De Lacy friend, and you are so enthusiastic the year first dose and after you begin recommending it to their friends, and this is where it has guined its world-wide reputation and its enormous sale.

It is so pleasant and nice to take that it does not seem like taking medicine, yet it is so powerful in its curative properties that people who have been sufferers of Catarth, Maharia, Dyspepsia and Nervousbess for years have not only been temporarily relieved, but permanently cured by this wonderful remedy.

It is the duty of every weak, nervous and debilitated may or worman to take "De Lacy's Cin-Ko-Na and Iron."

It is the duty of every weak, nervous and decilitated may or worman to take "De Lacy's Cin-Ko-Na and Iron."

It is the duty of every weak, nervous and be cured.

It is the duty of every seam who is of a Billous or Malaria, temperament to take

It is the duty of every Catarrh sufferer to take "De Lacy's Cin-Ko-Na and Iron" and be cured.

It is the duty of every person who is of a Bilious or Malarial temperament to take "De Lacy's Cin-Ko-Na and Iron."

It is the duty of every tired woman, every nervous woman, even though she may not be sick, to take a tablespoonful three or four times a day of "De Lacy's Cin-Ko-Na and Iron."

It is the duty of every brain worker who needs a good stimulant to take "De Lacy's Cin-Ko-Na and Iron." Its powerful stimulating properties reach the whole system from head to foot, and it will be the means of warding off many diseases, the means of warding off many diseases, the means of warding a strong, healthy and happy man or woman of you.

Large pint bottles one dollar by druggists everywhere, or if your home druggist does not keep it, send one dollar for one bottle or five dollars for six bottles, and it will be sent by express, charges prepaid, by the De Lacy Chemical Co., St. Louis, Mo.

Plans have been made for alterations in the arena of the Collseum to provide for the reception of the Democratic national delegates next July.

ference with Charles G. Ramsay, the original architect of the building, yesterday as to the necessary alterations and improve-ments for the big gathering.

It only remains for the election of a local committee on arrangements to give such orders as the National Democratic subcommittee on the convention may subcommittee on the convention may think best, when work will be commenced. The first thing that will be done will be to arrange the arena seats. These are already made. The present floor will be removed and then the arena will be transformed into an auditorium with sufficient slope to place each delegate not only within perfect hearing distance of the stage, but within easy view of every portion of the house.

The sounding board which now stands at the west end of the hall may be removed to the side over the president's platform, which will probably be on the north side. St. Louis will earn a record as a convention city as well as a World's Fair city this year.

this year.

Arrangements are in progress now for almost 300 conventions during the coming atmost 30 conventions during the coming summer and autumn.

The week beginning July 6 will witness the National Democratic Convention at the Collseum and the National Educational Society of America at the World's Fair, at which the members estimate an attendance of from 20,000 to 25,000.

OPERATIVE MILLERS.

While the headquarters of the Democratic National Committee will be at the Jefferson Hotel, the headquarters of the National Educational Association will be at the Inside Inn at the Fair, so that vistiors to each need have no fear that they will lack accommodation.

As early as May 24 the Collecum will probably be in demand for the convention of Operative Miliers of the United States, who will meet in St. Louis on that day, and who expect 2,600 persons to attend its

and who expect 2,000 persons to attend its sessions.

The Good Roads National and International Association, which is to meet here this summer, has not yet announced the time for its convention, but it will probably meet at the Collseum if arrangements cannot be made within the Fair grounds, and it expects to draw 19,000 friends of good roads to St. Louis.

The Master Butchers' Association of America will meet in St. Louis on July 35, and from 7,000 to 19,000 butchers are expected to attend.

The Osteopathic Association of America expects at least 2,000 persons to attend its convention, which will also be in July, though the exact time and place have not yet been fixed.

In the second week of June the Skat League of America has asked to be accommodated with space sufficient for 2,000 players to engage in a prize contest at one time. Some portion of the Exposition building or Collseum will probably be required for this purpose.

The International Typegraphical Union

building or Collseum will probably be required for this purpose.

The International Typegraphical Union of America will bring 1,000 expert "typos" to the city the week of August II.

The United Irish League of America expects 5,000 persons to attend its convention during the Fair.

The Catholic Verein and Young Men's National Society will assemble in September, 2,000 strong.
On October 18 the Disciples of Christ, an organization composed of the Woman's Foreign Missonary Society, the Foreign Missonary Society and the American Christian Association will meet in St. Louis, 20,900 strong. This convention will probably be held within the Exposition grounds.

ORDER OF HIBERNIANS. The Ancient Order of Hibernians will have from 2,500 to 3,000 members present at its convention.

its convention.

The Bread Bakers' National Association will have 3,000 here in September.

On September 2 the Blast Furnace Workers and Smelters of the United States is counting on at least 1,000 members to atiend its convention.
In August the Catholic Total Abstinence societies will convene in St. Louis, and anticipate from 5.000 to 10,000 friends at that time.

The members of the New Thought Association are asking for space for a convention that will have an attendance of 3,000

persons.

The Bank Clerks' Institute will meet in September with about 1,500.

During the week of August 30 there will be a dental congress here, the largest the world has ever seen. It will be composed of the International Dental Association, the National Association of Dental Faculties, the National Association of Dental Examiners, the National Dental Association and the Intersitate Dental Association and the Intersitate Dental Texturality. Congress's, and is expected to draw at east 20,000 persons.
